# Dunton River Camp

RECOMMENDED SINCE 2014

"Luxury tented camp of Dunton Hot Springs, four miles to the south in a tranquil expanse of meadow, forest and mountain overlooking a fine trout stream. Eight 640-square-foot River and Mountain tents (choose 'Brook' or 'El Diente') exhibit rugged good taste with pine-framed king beds and cowhide rugs; landlines and Wi-Fi offered. In back, each tent opens to a full slate-floored bath complete with hot water heater and tub/shower combination. Meals served in a restored 19th-century farmhouse with dining room, guest salon and wraparound deck. Engaging staff clearly take pride in their work. Fly-fishing, hiking, biking and horseback riding in summer, and snowshoeing and skiing in winter. Seasonal closure from November–June." —Andrew Harper
